Comments: Montana is already loosing our way , our life style to be free of commercialized business. Don't it already feel like all the fancy people want to buy there way to what we live everyday? I pay a LOT of sales tax to Montana every year , hasn't bothered me in the past as I feel look at all im able to do to be able to live her PERMANENTLY, not come and waste our resources or not truly understand our beautiful land .we do not want to become a tourist destination! Keep big business out!

Our clothes are dusty our shoes are worn our hearts are free with wonder at what is around us . It is SO easy to spot the i wanna be a hiker , cowboy for the weekend with there fancy clothes and ideas.

The only reason we need um is to feed um to the bears !

Congress people Montana people pay taxes to live here , MANAGE OUR MONEY WELL ENOUGH AND YOU WONT NEED TO SELL US OUT .
