First name: JoAnne

Last name: Sherwood

Organization:

Title:

Comments: As a lifelong Montanan I oppose a project of this size and scope on Forest Service land. The integrity of the area is in jeopardy. Bigger and more developed does NOT equal better. Our children were raised with hiking, camping, and fishing at Holland Lake. We also stayed at the lodge. This would destroy a beautiful, historic area and further clog the scenic Seeley Swan corridor. Please don't go there. Improvements to the existing buildings and sites, yes. What is proposed by Powdr NO. The loons, the lake, the locals will thank you.
