Comments: Dear Forest Service Folks - you have the chance to make a difference in the future of not only the ecosystem of Holland Lake, but also in what makes Montana the special place that it is. Don't ruin the lives of countless bears, badgers, deer, loons, trees and many other living creatures and the beauty and viability of Holland Lake itself by allowing a corporation to expand and take control of Holland Lake Lodge. Allowing this project to go forward is a dereliction of your duty to protect our forests - the forests owned by the people of the United States of America. Don't let us down by letting a corporation ruin one of the most beautiful spots in Montana. Do something you can be proud of and can tell your children and grandchildren about how you protected one of the most beautiful places in America by denying the expansion of the Holland Lake Lodge. Thank you - we're counting on you.
