Comments: I used to live in Polebridge, MT. It's 55 miles off the grid on the west side of Glacier national park. It was like living in heaven. I recently had the chance to visit the Flathead as my children still live in the state of Montana. There has been unbelievable growth in the Flathead Valley over these past seven years that I've been gone. Please try to preserve the beauty that is Montana and don't make it a playground for rich out of staters.
