Comments: I am signing this petition to stop the development of Holland lake! I do not support this in any way shape or form! This is outrageous! We have very little places left on this earth to actually have a place to escape from service, people, and development. That is what makes Holland so special! That is what everyone loves about that lake! you get to reconnect with nature, yourself and friends/family! Changing one thing about the lodge or hike will be changing everything and you will be taking a sacred place away from so many family's!
