First name: Marcia

Last name: Holland - Allen

Organization:

Title:

Comments: My name is Marcia Holland-Allen. My great grandfather was Benjamin Holland of Holland Lake fame of which Holland Lake, Holland Falls, Holland Trail, etc. were named after. I am disheartened to learn of this major expansion project of Holland Lake and concerned about this becoming a major attraction site for out of state people and becoming so expensive, local people will not be able to afford to go there. It is already very pricey for many people.

I am also a Montana Real Estate Broker and cannot believe you would approve this project without a full environmental impact study being done. To exclude this project from documentation in an environmental impact statement or an environmental assessment because there are already existing buildings on the property is unbelievable! Those buildings were built in 1924! I am not against upgrades, but this is a tear down and build more project. This area will never be the same if this project is allowed to go through, and there will be major traffic, dust concerns, septic and well issues, which over time could contaminate the lake, limited local and public access, lots of parking spaces (I assume for guests only), more cabins, etc.. Please reconsider and reject this proposal!

Marcia Holland-Allen

Clancy, Montana
