Comments: To Whom it May Coner:

Holland Lake Lodge does not need to be improved. The ideas set forth for expansion and "improvements" of the area are sickening. This will completely change the area and make it inaccessible to local Montana visitors. The Seeley lake area does not need to be the next developed piece of Montana land doing so will turn it into the next Big Sky/Whitefish/Bozeman type area which is not Montana and not for Montanans. Please do not allow this to happened.

Respectfully,

Melissa, a conernedMontanan resident
