Title:

Comments: To whomever has a say in these matters:

Please don't let this development happen. I lived in Condon for three years. We spent a lot of time at Holland Lake, hiking, exploring, swimming. One of the greatest draws of the area is the wild, the feeling of seclusion not far from civilization, the vast expanse uninterrupted by big lake homes and resorts. Please keep this place special for what it is. Thank you for your consideration.
