First name: Kim

Last name: Wold

Organization:

Title:

Comments: Please protect Holland Lake and Holland Lake Lodge from being developed into a mega facility, protect the waters, protect the trees, protect the loons, wildlife and fish, keep nature here in the pristine forest area, protect our wilderness, protect The Bob Marshall Wilderness. This has been reviewed by you, the US Forest since spring, you are our stewards for our forests, and all that lives there. It's baffling that this has gotten this far, obviously there's a big price tag that's tallying dollars somewhere. Don't allow this development. Protect Montana! Protect Holland Lake, Protect Holland Lake Lodge and the ground it sits on, Protect the Bob! We are the people of Montana and we're using our voice to object and object loudly, can you hear us?

Thank you,

Kim Wold, Flathead Valley
