Comments: I in general support the improvement of the Holland Lake Lodge and area around it. The only building worth saving is the main lodge, and the plan as I've seen it preserves the lodge. The existing cabins are in bad shape and need to be removed.

I would prefer to see maybe a more limited improvement to the number of cabins and overall size of the project, and I hope the forest service will approve the project, but possibly slightly reduce the number of cabins to be added to the area around the new lodge. Otherwise, great project. I can't wait to go back. I've visited the Holland Lake Lodge for many years and the facility could sure use an upgrade.

I also appreciate that the plan includes employee housing. I think we all know how limited housing and employees can be in the Swan Valley.
