First name: Brian

Last name: Putnam

Organization: Montana State Representative

Title: Representative, House District 9

Comments: I recently learned about this project through an article in our local newspaper. Clearly, this project is not just refurbishing and upgrading some existing buildings. New buildings are being created. Roads are being modified. Capacity for visitors is being increased. With the proximity to Holland Lake, it seems that the Environmental Impact must be considered formally.

Also, as I understand it, the normal public review time for a project of this magnitude is 60 days, not 20 days.

Please correct that oversight also.

Sincerely,

Representative Brian Putnam
