First name: Tyler

Last name: Osweiler

Organization:

Title:

Comments: This is obviously a vested interest of this cooperation over the betterment of public recreation, along with some of the most pristine wilderness in Montana. This will destroy the environment around Holland Lake drastically impacting the wildlife that calls Holland Lake home and the fact that this is even being entertained is absolutely appalling! Montana is already feeling smaller with all the development from out of state interests. For the people who were born and raised here this is home not a place where out of staters dictate how we live and recreate. I and many others are opposed to this development coming to Holland Lake.
