Comments: The Holland Lake project sound outrageous and yet just another wealthy out-of-staters' "playground"! As a long time MT resident, taxpayer, and person who LOVES to enjoy the beauty of MT, I am disgusted that land may be leased for this purpose. For Montanans I jnow, this is not okay! This would be just one more place Montanans have loved to go that has not yet been inundated by tourists. Those places are becoming harder to find. It is even now very difficult to even fine a camping spot...we are being overrun.

PLEASE do now lease to this corporation or allow this to happen to the Holland Lake area.

Thank you.
