Comments: Holland Lake is precious to me/ I am 62 and it dates back to me staying in a cabin as a kid/ my father took Boy Scout troops through the Bob Marshall beginning at Holland Lake. Please leave it rustic and beautiful / the idea of the development sickens me and makes me worried for environment . We DONT want you here taking our precious Montana and developing it into resort type property!!! You can do whatever you want to Park city but don't bring your environment here to spoil the beauty and. Rustic simplicity we love here. It will ruin it and spoil the magic we have here!!
