Comments: Stop the sellout of Montana to out of state elites. This will do nothing more than continue to destroy what makes Montana such a special place.

This developer has zero clue about what Big Sky country means or stands for.

No one wants to look up into the night sky and see roof tops and bright lights where once you could see the stars and the beauty of the night.

Allowing this to happen will further the gap between the filthy rich who will ruin what's left and those of us born and raised here who fear our children will not be able to afford to stay and raise families in their home state.

Stop the sell out before the Last Best Place become the Worst Place.
