Comments: Please leave Holland Lake the way it is.

I grew up in western Montana and still visit frequently.

I still call Montana home.

Living in the Seattle area, coming home to Montana is such a joy. I know Montana is growing but I'd like to turn back the clock a few years. It's still wonderful, but I see big city changes happening.

Giving approval of the developing of Holland Lake, is an example of these types of changes.

Once Holland Lake has been developed, you can't get back the peaceful Montana beauty of this area.

Please turn down the request for this development.

Thank you.
