Comments: Please do not allow this purposed development and expansion of Holland Lake Lodge. We have chosen to raise our family in Montana and in doing so have made sacrifices so we can live life in these wild and historic areas, embracing them and not wanting to change them. Holland Lake is at minimum a yearly camping trip for us but can also be a place we hike on weekends and travel into the Bob Marshall Wilderness. Having been raised in Montana our family loves the quietness, the ability to paddle from one end of the lake to the other without any motor boat waves (usually), the access to the Bob Marshall Wilderness through upper Holland and we embrace this area for it's habitat for nature and "wildness". It was so exciting this spring to see that at least one loon family has returned to raise their family at Holland. However, just in the past 2-3 years in this area we have seen unprecedented traffic increases threatening the "wildness" of this area. This in and of it's self is concerning. Can you imagine if this project is completed and we have (I have heard/read "52" rooms which could bring 4 x 52 more people to the area every day!!!) even more people and cars pillaging this area of it's peace, quiet and "wildness"? Please protect this wild area from commercialization.
