Title:

Comments: Myself, and everyone I have spoken with regarding this situation is completely against the proposal at hand. The lodge has been great over the years and has had minimal impact on the serenity/footprint of the area. I frequent this area, I grew up in this area, and I would be disgusted if this is pushed through. Do this in Whitefish or Bozeman. Do not turn what little we have left into another amusement park for those who do not pay the taxes. Thank you.
