Comments: I'm weighing in here to voice my most strenuous objection to the proposed development of the Holland Lake Lodge property. It's difficult to fathom a less congruous project in what is certainly one of the most idyllic settings in Montana, and if anything, a reduction of the Lodge's presence on Holland Lake makes far more sense than even the most innocuous proposed "improvements" (let alone the monstrous plans put forth by the new lease holders). Please deny the applicant's proposal, and keep Holland Lake (and the surrounding country) wild! Bryn Cunningham
