Comments: I am writing with a plea to you to not support the sale of land around Holland Lake. This pristine space in our universe was surely put there to be enjoyed as a it has been from the beginning of our time. Development is essential for our continued growth as a nation. However, we need to protect our natural treasures and preserve what makes our country so unique and the best place to live, play, rest, build memories, and enjoy...

Please resist releasing this land from protection.
