Comments: I was born and raised here in the Flathead Valley. It makes me sick to see people from out of state buying up all the land here, then turning around and making something out of it. What's wrong with what we have?! Nothing, it's what we know and love and the way we like it. If we wanted something different we would have made it our selves! People say they come here to get away from the S&\$@ we're they came from! Ok, that's fine I guess but once you start moving here and taking over and changing S&\$@ that's not ok. Holland Lake was a great place to go far out of town to get away and relax and watch your kids play in the water, or take a hike to the falls. Holland Lake for many of us holds great memories. Stop coming to our state, and changing it!!! We love it just the way it is or we would be Changing it our selves.
