Comments: Another out-of-state developer wants to come in and turn Montana from what it is into another cesspool.

Holland Lake is a treasure. Fifty lakeside cabins will turn into a hundred, then trace housing, then an Amazon warehouse, etc. This has to stop.

Aside from all that-where will their sewer be? Septic? How much are they going to pay to buy their way in? Say no. Montana needs no more outsiders coming in and displacing us.
