Comments: Holland Lake holds many incredible memories for myself and my family. This is a place that is beautiful and accommodating just as it is, and it would be an absolute tragedy to see it be developed into something that a small percentage view as an improvement. Please don't allow this to happen to Holland Lake. The recreational areas within Montana that are accessible to the average family are becoming fewer and fewer all the time. If the development occurs, this will be another area that my family can no longer visit and appreciate.
