Comments: Please do NOT approve this very large project on one of our beautiful small lakes in the wilderness. This is what makes Montana what it is and should be forever. I know people are moving to the state and our population will grow, but that does not mean we need to become just like the crowded states in other parts of the country just because some corporation wants to make a lot of money at our expense. It is not even a Montana company! Money speaks to a lot of people, but it should not speak to our beautiful wilderness areas. People will still come to Montana and spend their money here, but they don't need to take away our pristine lakes to do so. This project will put too much pressure on the lake and the surrounding area, and they it will become just some other non-Montana type of lake. For the sake of OUR Montana, please do NOT approve this project.
