Comments: As a lifelong resident of Montana with deep rooted family history enjoying the natural and pristine beauty of the Swan Valley, I am 100% opposed to this project and ask that you not approve.

Out of state development companies seek to destroy Montana's natural habitats for their own financial gain. The US Forest Service has an obligation to protect public lands and allowing the destruction of natural landscape, vegetation, and habitats on Holland Lake is a gross mismanagement of Montana's public lands.

Please vote no on this project!
