Comments: My husband an I have visited, swum, paddled and hiked at Holland Lake many times over the last 30 years. It is an absolute gem for its natural beauty, its simple recreational opportunities, it's historic lodge, and it's protective habitat for a wide variety of water birds such as loon.

While the lodge itself needs updating, given its historic nature, I would hope to see its rustic character maintained. Please choose to keep Holland Lake a simple, ecologically stable and accessible area for the hiking, paddling, fishing and swimming enthusiasts who continue to respectfully continue to visit without posing harm to native species or to its rustic character.
