First name: ROBERT

Last name: LOPP

Organization:

Title:

Comments: This will be an abuse of the public land. Financially excluding the local population which has traditionally used the old lodge and surroundings. I have many memories of wonderful weekends at the lodge including several with friends from Germany who had never experienced our outdoors.

What happens to the trailhead that leads to the Bob? Leave this property for the greater good of a quiet retreat for the common people who cannot fly off to the fancy resorts!
