Title:

Comments: Why spoil a good thing!!! If the owner wants to update the buildings, at their expense. That is fine. We enjoy our little community as it is. With our small stores, churches, restaurants, community center, activities, hunting and fishing, camping. Our friendly atmosphere. That is why we moved here to enjoy the outdoors and wildlife.

Now, a big corporation wants to come in and change this by ruining all we have and enjoy. Just because they want to make huge changes to our Historical site. Cutting down the trees to expand and parking lots, changing the look and atmosphere to a big city venue. All of this to make more profits????? How much is enough money to change our small and friendly community??????? Go make your profits elsewhere!!!!

LEAVE US ALONE, LET US LIVE IN PEACE AND QUIET!!!!
