Comments: This planning is devastating. Not only to locals but to the wildlife around the area of Holland lake. The lake is a stunning structure in and of itself that does NOT need to be aided or touched by human impact. The disrespect of those who do not care to take care of their surroundings will only leave behind lasting and irreversible impact on this area and opening it up to the masses will only ruin the area more. We beg of you to use your money to preserve the area and give back to the community, not allow it to be shredded, discarded, abused, and tormented by tourists. Please.
