Comments: Dear Forest Service,

This is not the way to keep Montana Beautiful. Montana is the most beautiful state because of quant areas like Holland Lake. This has been a place that many people share life long memories, why is this something to ruin? Why would you tear down over 200 trees for buildings and wifi??? This is not why people love Montana. People love Montana because it is different than the rest. It's a place to unplug, unwind and relax. Building this monster of a lodge would ruin all of that. You don't get that back once it's already done. When you remove forests, you remove wildlife and their families, if this continues they will have no place to live. I DISAPPROVE of this proposed plan for 30+ new buildings.

To Kurt Steele,

You should be ashamed of yourself for allowing this proposed plan. What a disgrace to the people of Montana and a place they call home is now being ruined because of your corruption. Very convenient that this plan was not made public until September 1st. Did POWDR pay you? Time for the people of Montana to launch an investigation on this corrupt plan. It's sad to know the Forest Service is just as corrupt as the rest of the government.

Sincerely,

A Montana local since 1990
