Comments: Holland Lake is a beautiful gem tucked away from crowds and resorts. This is a place that holds so many memories for me and my family. I was born and raised in Montana. My brother and my grandparents spent a week up there every year camping, hiking, and boating. I now go up each year with my own children so they can enjoy something from my own childhood. Something that unlike everywhere else has not changed much in the 30 years I have been going. I know people will say we need change, and I would agree. But where I don't agree is when it begins to change our outdoor recreational areas. People come to Montana because we have wide open spaces, untouched wilderness, and fewer people. With this huge development, Holland Lake will lose its draw to those that enjoy the quiet beauty that it is. We have had too many resorts popping up in our state and taking over our recreational areas. It needs to stop so we can still enjoy the beauty of our state. Stop this development of Holland Lake. The company that wants to do this is from out of state. They don't care about the area. All they are concerned with is making millions of dollars while destroying the beauty that is Holland Lake. Stop this now!
