Comments: I'm 67 years old. I was born and raised in Montana. I spend my summers in that area with family who still reside there. My children and grandchildren vacation there since the the 70's.

My sister and her family still live there.

This proposed project is a tragedy to Montana and the preservation of its culture. So sad.

Please please please do not let this project and it's principal partners have their way. I moved from Park City years ago (note phone number is Utah), because this same group destroyed Park City's quaint village and has forced many long term residents out, allowing the wealthy to come in and make it a second home place they use maybe 2 weeks a year.

Do the right thing and keep Montana the way it has been for generations. We've already lost Whitefish and Bozeman to the rich, so losing Holland Lake area would be so sad.

I know I'm just one voice, but I'm passionate about my heritage.

Thank you,

Kurt Erickson
