Comments: Please, please don't allow this project to go through. My mother loved Holland Lake and Holland Lake Lodge more than most places in Montana. She would take me up there during the summers for hiking and swimming and horseback riding. We would rent paddle boats and spend the day out on the lake. We were not rich, we would drive up from Helena and it was our magical place away. Please don't take that opportunity away from regular Montanans. Please don't allow this treasured location to be exploited.
