Comments: This is wrong!! There is a beautiful pristine lake and it will turn into a playground for only the wealthy. This is Montana it's beautiful because it's the last great place!! It's getting ruined by all of the wealthy out of staters coming in and treating the land like they do in their currant states!! It's wrecking Montana's beauty! Please don't allow this travesty. We can't keep allowing Montana forest service land to be used in this way!!! Please this is disgusting to me!!
