Comments: As part time residents of Big Sky, MT for over 26 years, we have seen how growth and development can ruin this beautiful place called Montana. It used to be called "The Last Best Place".....not anymore, it has been discovered. Please do not allow the Holland Lake Facility to be expanded and renovated which will result in the destruction of the beauty of the surrounding area. There needs to be a change in mindset that does not take away from what we all cherish and enjoy just for the greed of a certain few. Thank you.
