Comments: I'm so upset over the fact that Powdr would do this and ruin this historic paradise! I have personal reasons plus the impact this endeavor would have on the land, water and public. What they want to do doesn't fit in Montana! So please don't destroy this Montana paradise and vote no to this big entity! My first job out of High School was at Holland Lake Lodge! My dad, Bud Smith, was an Outfitter and ran the horse facility there and his Outfitting business. Roland and Dorothy Trampe owned the lodge at this time and they had purchased it from Barney & Marcella Woodhouse who had owned it for many many years. I'm just asking you to think hard about the impact this would have on everything before you make your final decision on this historic place.

Montana Proud??????
