Comments: Holland Lake is a Montana treasure. Still one of the last great lakes in the Seeley/Swan valley good for camping and recreating. Allowing an out of state company, who only wants to exploit Montana's beauty and wildness, would ruin yet another Montana location for native residents and make it impossible to enjoy. It would add to the already out of control congestion in the area, and raise prices for long time area residents. Please keep this area wild and turn down this proposed development. Developments such as this only make it so native Montana residents are unable to enjoy our own state, and make it so only exclusive, rich, out of state investors are allowed. PLEASE VOTE NO!!!
