Comments: I do not feel that we need to build another area that is only for the wealthy. The state already has enough of elite playgrounds. I, as a citizen of Montana for 57 years, feel that we need to leave our natural resources for the people to enjoy, not for the wealthy to just show up and utilize for one month a year just because they have deeper pockets than the people who live here. Our state has such natural beauty which everybody wants to own a part of but not at the expense of everyone being able to get out and enjoy it. Part of being able to unwind, relax, and take some time to reconnect with yourself is being in the outdoors such as Holland lake. Please, do not turn this into another wealthy playground and keep it for the public to utilize.
