Title:

Comments: Please, please, please DO NOT let this development go through! Like many areas of Northwestern Montana, Holland Lake is a special place that has been enjoyed for generations just because it is exactly the way it is. We have seen what development does to our forests, our towns, our environment, our history--and it is rarely a positive outcome. Listen to the people who actually live here and use this land, and clearly are opposed to this expansion and intrusion into our precious resource. There is really not a good reason to approve this development, nor will it truly benefit anyone who makes this part of Montana their home, except in the eyes of the developers. It isn't wanted, needed, or appreciated.

Thank you.
