Comments: To Whom it May Concern,

I oppose the Holland Lake Lodge Facility Improvement & Expansion #61746.

I work in the field of economic development and I've worked in local government, so I understand the need for development and expansion of the local tax base. However, there are times when we need to make choices to preserve the natural beauty of our state. WE already have many examples of how this type of proposed development turns into a grotesque Frankenstein and ruins the beautiful natural setting and damages the environment. I was recently in Big Sky, the first time in 26 years, and I cried. I was really quite horrified at what has happened, and we know there is a health hazard that has been created in that delicate place, that should have never been allowed to be developed in that manner. Please do not let this happen at Holland Lake.

Thank you for your consideration.

Nicole Borner
