Comments: Holland Lake has been a destination that generations of families have enjoyed for many many years. The thought of this area being turned into another private elite destination where only the wealthy can afford to enjoy is extremely upsetting. Montana does not need another Yellowstone Club or a Ranch at Rock Creek or an Iron Horse in Whitefish or PAWS Up and so many more that are similar and built to cater to the elite. There's plenty of opportunity here in Montana for folks wanting to explore what our beautiful state has to offer. Let's leave Holland Lake as is for all of us to enjoy.
