Comments: Holland Lake Lodge should be classified as a Historical Site and the site should NOT succumb to outside investors who want to destroy the old time uniqueness and the natural setting of this facility and the surrounding area. The lodge and its cabins MUST remain like they are as it was meant to be when it was built in 1924, even tho the main lodge burned down in 1946, it was rebuilt in 1947.

This area has to be preserved for our future generations to show and respect the realness of Montanas unique past.

I am "against" any new construction and unnecessary expansion.
