Comments: I have lived in MT for 68 years. Growing up my family spent alot time in tbe Swan Valley area and flathead valley. I have very fond memories of camping at Holland Lake.. it such a beautiful area and was a great place to camp, hike and enjoy wildlife. This project to turn into a resort would destory tbe area the wildlife and tbe experince of camping at such a beautiful spot. It would also raise taxes for those that live in the area..please do not allow this to go through. Mary Boerner
