Comments: To whom it may concern,

Holland Lake is one of the most beautiful places I have ever seen or been to in my 61 years of life. I hate the thought of making it more commercialized. I have found conflict with just the current situation of not being able to enjoy the lodge when wedding events have occupied, but understood as this is the location I would chose for my special day if I could as well. Whatever is decided I would like to see the facility always open to the public, environmentally responsible, affordable and to not take away the option for camping for all Montanan's to be able to enjoy. The lake size is just not large enough for more development. Renovating and updating the current lodge is acceptable.

Thank you for the opportunity to comment and hope that this site could be considered a conservation area to ensure its beauty and for the public to enjoy!
