Comments: I am writing again to ask that you DO NOT allow this development at this scale. I wrote earlier but didn't see my comments on the web site.

I fear this scale of development will destroy a beautiful landscape and will only benefit the out of state people that could afford to visit it and the out of state company that owns it. As I said earlier I believe they are planning to hire immigrant labor workers from out of the country too. Again not contributing anything to the local economy.

Please reduce the scale of this proposal. This is too many cabins and too big. The water quality could be a major impact with so many users on site. As well as the congestion on the trails and roads. There are wildlife concerns as this is a grizzly, lynx, etc. habitat as well.

Please stop this proposal and ask the developers to scale back the size, substantially.

Thank you
