Comments: This cannot go through. My family has a cabin in Seeley Lake and we visit Holland Lake quite often. This development will destroy Holland Lake. Rebuilding the lodge is one thing but 30+ buildings is ridiculous! Why don't they buy out one of the hotels in Seeley Lake and rebuild so people have a nice place to stay that won't destroy a beautiful lake?! And why is it that when money is involved they forget about protecting the wilderness and just try to justify why this is such a great thing?.....
