Comments: I am so broken hearted to hear about this proposed expansion of Holland Lake Lodge into a fancy resort for out of state people. Please don't allow this to happen. Repairs and upkeep on the current Lodge and cabins need to be tended to. But a parking lot for 150 vehicles, I don't think so. Additional cabins, I don't think so. Destroying 100's of beautiful trees, I don't think so. Let's not forget about the wildlife, especially the Loons, and the impact of this expansion on all of God's creatures. Please, I beg you. Don't allow this intense expansion to happen. NOT NOW, NOT EVER.

I do have to question how this can possibly happen in the first place. Cabin owners on the south side of the lake can't make any repairs to their cabins or their property. It looks like there are two sets of rules pertaining to property and upkeep of that property depending on what side of Holland Lake you happen to be on. Again, please don't allow this expansion to happen.
