Comments: For decades our family has enjoyed the Holland Lake area, where we greatly delight in swimming, camping and hiking- and enjoying the spectacular views. The proposed "Holland Lake Lodge Facility Improvement & Expansion" is not appropriate for this extraordinary place; improvement may be needed on the permitted land but expansion certainly is not and will not provide the "soulful" experience that the applicant claims it will. The proposed development is supposed to allow for "enhancing the visitor experience", however, this will only be true for the paying guests of Holland Lake Lodge and will not be true for the rest of us who use the area. The proposal will "pave paradise and put in a parking lot"- even if it made of crushed and compacted rock. Please reject the project.
