Comments: In 1975, my parents drove us from Conrad, MT to Big Sky MT. We enjoyed a ski vacation in this brand new resort that offered one hotel, a visitors lodge and a few condominiums. Fast forward 47 years and you can see what a mess Big Sky has become.

Not every beautiful space in Montana needs to be monetized for the greatest profit. We have plenty of that (see Big Sky, the Stock Farm, Rock Creek Lodge, Paws Up, etc. etc.)

Please do not allow Holland Lake to become yet another playground for the rich.
