Comments: I am opposed to the present proposal of the Holland Lake Lodge expansion project. I feel it is too large for the size of lake and area. I believe it needs upgraded and improved but not to this extent. I visit Holland Lake on a weekly basis year around and love the area as it is, however I know it will be changing and I hate to see this. Taking out over 200 trees along the lake on this 15 acre piece will change the whole environment. It will bring in a whole new class of people along with their social problems. I hate to see this area ruined like Whitefish is. I watched the whole personality of Whitefish change for the worse, and I don't want that to happen to the Swan Valley. Everything there is gated and cut off from the residents unless you are a millionaire you are unwelcome. Highway 83 is busy as it is then to add another couple hundred people that drive 90 miles an hour and tailgate everyone is a disaster . Not to mention the wildlife killed on the roadways.
